

# MOPAR MUSCLE CARS OF AUSTIN

Vol : 15      No: 7  
July 2001

<http://www.mopar.org>

Mopar Muscle Cars of Austin is a non-profit organization formed September 1986. The MMCA is "Dedicated to the restoration, preservation, and promotion of Chrysler built products." Monthly club meetings are currently being held the first Tuesday of every month at 6:30 PM at Heart of Texas Dodge, 7309 N IH-35, Austin, Texas 78752

The MMCA is open to all persons of good character. Yearly membership dues are \$25.00 per person. As a member, you receive a newsletter with free newsletter classifieds, a discount on parts at participating vendors, obtain access to a network of Mopar parts and paraphernalia, and become eligible to attend club functions as well as show off your Mopar. Non-members may place an ad in the newsletter for a \$5.00 donation. Copies of the newsletter are available for a \$1.00 donation.

MMCA wishes to thank our sponsors:

**Heart of Texas Dodge**

and

**Insty Prints**

For their support and generosity

## Mopar Muscle

## Cars of Austin

July 2001

### Editorial

By Steve Lacker

Summer is half gone. I'm not really thinking of it that way, but I was surfing one of the Mopar discussions on the internet a few days ago and a gentleman from Canada was talking about "getting in some more cruising before ol' man winter shuts us down again." I guess they really do start feeling "winter" by the middle of September. What a difference a few degrees of latitude can make (As Jimmy Buffett said, "Changes in latitudes, changes in attitudes.") Sure does make me glad that our "second car season" begins about that time!

Speaking of that, be sure and take a look at the Calendar of Events section later in this newsletter. I've updated it with all the local and semi-local events that I could find through the month of October, when the Houston Mopar Show is scheduled for this year. Special events of note include this month's Fredericksburg Swap Meet, and the San Antonio Mopar Show scheduled for September 29<sup>th</sup>. This year the SA show will be held at "Automania" in New Braunfels, TX. That's a good bit less driving for us Austin folks. Now if it were just quiet back-country roads instead of the eternally under construction nightmare known as I-35!

Speaking of nice country drives, that's exactly what my family and I had on the way to the Twins' Farm Party last month. This was our first time to make the farm party, and I'm certain it won't be our last. The twins hospitality is legendary, as is their BBQ Sausage! Both were present in abundance at the farm. The setting is beautiful- all the weekends they spend working down there sure do show when you pull into the gate. We had a good gathering from the car club, and had our usual fun tossing washers and horseshoes, as well as flying model airplanes and rockets. Terry Siegmund provided both this year in the form of his LRA ("Little Red Airplane," not to be confused with a Little Red Express) and Atlas rocket models. The LRA was a bit

hard to get fired up (darned Hemi... glow-plug Hemi, that is) but once running made an impressive flight. Landing was another story. Lets just say that the landing involved barbed wire and leave it at that. But the LRA will fly again! Rocketry was next on the bill, and Terry's luck there wasn't much better. The flight was impressive, not in terms of altitude, but in terms of aerobatics. I didn't know rockets could perform loops! Ah well... there's always next year!

In other club news, we're still searching for a permanent meeting site. We've considered keeping it at a restaurant but since not everyone wants to eat at the meeting and since we do like a little variety in our after-meeting food, we would prefer a meeting room somewhere. Several restaurants offer separate meeting rooms, but the convenient ones are either booked on Tuesdays, or are too costly to rent. If anyone has ideas please let Glenn or me know.

I hope everyone is having a safe, fun, and wonderful summer. Until next month...

Steve

### MOPAR NATIONALS 2001

Well, its too late to join in on room reservations or airline tickets with the MMCA Nationals Gang, but its not too late to make your own arrangements to go to the Nats. If you decide to go, contact Terry Siegmund at the address below in case there are any cancellations and also to make plans to link up and pool resources (whatever those may be, ranging from cardboard packing boxes to bus fare to "parts transportation of opportunity") once you're in Columbus.
